NOTICE OF PROPOSED RULE MAKING

Adopted: June 27, 2001

Released: July 6, 2001

Comment Date: August 27, 2001

By the Chief, Allocations Branch

1. The Commission has before it for consideration a Petition for Rule Making for the community of Snyder, Texas. Charles Crawford ("Crawford") has requested the allotment of Channel 237C3 at Snyder, Texas, as the community's third local FM broadcast service. Crawford has stated that he will file an application for Channel 237C3 if the channel is allotted to Snyder.

2. We believe the proposal warrants consideration because the proposed allotment could provide additional local service to the community of Snyder, Texas. In support of the proposal, Crawford states that Snyder is an incorporated community with a population of over 12,000 people according to the January 1, 1998 Texas State Data Center. Crawford further states that Snyder is the County Seat for Scurry County, has its own school system, the Snyder Independent School District, Mayor, fire department, post office and numerous churches, and that the allotment will provide additional commercial FM service to the community. A staff engineering analysis indicates that Channel 237C3 can be allotted to Snyder, Texas, consistent with the minimum distance separation requirements of the Commission's Rules with a site restriction 17.2 kilometers (10.7 miles) west of the community.¹

3. In view of the fact that the proposed allotment could provide additional local service to Snyder, the Commission believes it would serve the public interest to solicit comments on the proposal to allot Channel 237C3 to Snyder, Texas. Therefore, we will seek comments on the proposed amendment to

See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.
